LOST HIS TEMPER.

Judge Cook Gets Hot in the Collar.

Both Candidates in Trigg This Week, But Not Together.

Judge C. H. Bush spoke at the court house Saturday night and accorded a division of time to Judge Cook. They began at 8 o'clock, Judge Bush leading off in a speech of an hour and having a rejoinder of fifteen minutes. The speeches covered about the same ground as the day speeches Monday, except that Judge Bush did not pay his respects so vigorously to the ring that is trying to trade him off for patronage in this county.

Judge Cook in his speech lost his usually amiable temper and roasted the editor of the KENTUCKIAN and other friends of Judge Bush. He was especially severe in his criticism of the Wallonia report, which was prepared from data furnished for the purpose and true in every respect. The KENTUCKIAN has since investigated the situation at Wallonia and is in possession of recent reports by letter and the district is claimed by Judge Bush's friends, although he went there a stranger. Many Cook men were changed by the facts disclosed and others are being changed by Judge Cook's pitiable confessions on the stump that he violated the law through ignorance. If the Judge wants to shut his eyes to the facts existing at Wallonia, as elsewhere in the district, and abuse the editor of the KENTUCKIAN for refusing to endorse such business and for preferring his home map to one whose own bar is against him, he is welcome to the satisfaction he gets out of his abuse. The people here know the editor of the KENTUCKIAN and the abuse of Judge Cook or his friends can do him no harm. Even his enemies will admit that he is not a corrupt ringleader, a confessed gambler, a common liar, a drunkard or a thief. All these classes are well represented among Judge Cook's supporters, and if he really wants to perform a public service he might devote his attention to regulating the manners and methods of his own crowd. This, however, is a mere suggestion.

In Trigg This Week.

Both candidates were at Cadiz yesterday and are in Trigg this week. Judge Cook has declined to accept a division of time at the appointments made by Judge Bush two weeks ago, but has made dates of his own at different places. It is not a surprise that Judge Cook has finally concluded that it is not best for him to continue the joint discussions.

FAMILY REUNION

And Golden Wedding Anniversary At Pembroke.

Mr. and Mrs. John H. Sergeant, of Pembroke, celebrated the golden anniversary of their marriage Sunday, with an informal family reunion. Mrs. Sergeant was Miss Kate Bollinger and they were married April 12, 1853.

They have three daughters and one son. Those present were Mrs. Bettie Penick, six children and two grand children, a married daughter being the wife of Mr. Wallace Wood, of Elkton, County Clerk of Todd county; Mrs. Sudie Ferguson and husband, J. H. Ferguson, of Henderson; Wm. Sergeant, wife and three children, of Pembroke. Mrs. Moore, of Virginia, and her six children, were not present.

Many presents were made the couple and a big dinner was enjoyed by all.

Mr. and Mrs. Sergeant are both remarkably well preserved for people of their age. He is 68 and she is 67.

TORTURE LUNATICS.

Patients at Lakeland Beaten, Kicked, Choked and Whipped.

Bruises on the Bodies of the Victims Tell of the Cruelties Practiced Under Beckhamism.

Louisville, Ky., April 11.—As a result of the investigation into the charges of alleged cruelty on the part of the attendants at Lakeland insane asylum a few miles from Louisville, some disclosures of a startling nature have been made.

According to the testimony of several witnesses one of the favorite forms of punishment for a slight infraction of the rules was for patients to be beaten with a sling shot formed of a sock in which a potato or some other hard vegetable had been placed.

Some of the patients have declared that they were frequently choked. One had been taken into a back room and tied to a chair, the attendant flogging him with a leather belt.

Bruises on the breast and legs of one of the patients were shown as proof that he had been kicked by the attendants and it developed today that shower baths were used as a means of punishment, the patients being held while the cold water was allowed to drip on their faces until the torment was almost unendurable.

The startling developments in the investigation of the charges of cruelty at Lakeland have astonished Louisville. The patients called as witnesses today were induced to testify with difficulty because they said they feared the attendants. The testimony is so important that the investigating committee will resume its work next Monday or Tuesday. The immediate dismissal of Will Waller and I. B. Pratt, two of the offending attendants, was decided on today. Black, another offender, has already quit.

BALL GAMES.

Series of Three Contests With Tennessee Visitors.

The second of a series of three games of base ball will be played this afternoon at 3:45 o'clock between the team of Southwestern Baptist University of Jackson, Tenn., and the S. K. C. cadets.

The visitors have a strong line and the team has considerable reputation in the South. The S. K. C. cadet team is unusually strong and in the pink of condition; both teams are confident of a victory. The games promise to be of unusual interest. For the pleasure and comfort of the patrons of the games, the association will furnish free transportation in Layne's bus from the City Bank corner both to and from the park to every one purchasing a ticket at the bus to the game. The price of admission is only 25c. The bus will run from 2:30 to 4 o'clock.

The game yesterday afternoon was in progress when the KENTUCKIAN went to press.

THE REGAL SHOE

All Styles, \$3.50

A representative of this famous shoe, direct from headquarters, will be in Hopkinsville, at Hotel Latham, Tuesday and Wednesday April 21-22.

with a full line of sample Regal Shoes, showing the new spring styles in lace and button shoes and Oxfords.

Regals are fac-similes of the styles being made this spring by the high-priced smart custom bootmakers in New York, London and Paris. When you buy Regals you get style while it is style—not a year later.

Regals are made in all standard leathers—King Cali, King Kid, Patent and Enameled, etc., etc.

A new leather, used exclusively in Regal Shoes, is Regal "VALVIC" calf—the only leather tanned in accordance with the laws of nature—with the pores open to perform their natural work of letting off perspiration as freely as created, and automatically keeping out the WET on the outside.

"Sweaty" feet are thus relieved, and the general health of the entire system is improved.

"VALVIC" calfskin is as POROUS as cloth—TOUGH as wire—SOFT as a glove—WATERPROOF as Cravenette.

The removable seal on the bottom of the shoe—"The Window of the Sole"—proves the presence of genuine, old-fashioned, wire-wear Oak Sole Leather in every pair of Regals. No other shoe offers such a test—none other dares to!

Regal fit consists in 48 shapes—8 widths—and 18 half sizes—and 143 styles. No excuse for misfits!

Regal Shoes come to you direct "from Tannery to Consumer." You pay only one SINGLE profit, viz.—the Manufacturer's—and are thus enabled to buy \$6.00 shoes at the WHOLESALE price of \$3.50 per pair.

REGAL OAK SOLED SHOES

All Styles, \$3.50

Regals are sold only in 46 exclusive Regal Stores in the principal cities of the United States and Great Britain—16 stores in New York City alone—and by mail. Over 200,000 men and women buy Regals by mail regularly. You take no chances in ordering by mail—we guarantee satisfaction or money promptly refunded. By mail to any address in the postal union at \$3.75 per pair, all charges prepaid.

Call on our representative and examine the shoes. You will not be urged to buy. Write to us to-day for our new Spring Style Book—free on request.

Walks Without Crutches.

I was much afflicted with sciatica, writes Ed. C. Nud, Iowa, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c 50c and \$1.00 at R. C. Hardwick.

The Calhoun Craft.

Much ado is being made in the Eastern press because a jury has given a verdict against the New York Central in the sum of \$70,000, for running over and killing E. F. Walton, a New York stock broker. That's nothing! Governor Beckham gave Captain Calhoun \$71,000 for going to Washington, calling on the secretary of the treasury and coming home with a check for Kentucky's war claim in his pocket.—Messenger.

Beauty and Strength

Are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most—women fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after each meal, to digest what you have eaten. 50c at R. C. Hardwick.

DIDN'T WANT HIS LEGS.

Sen. Hanna Tells of a Plot of McKinley Humor.

There was considerable solicitude expressed over the announcement that Senator Hanna had been ordered to bed by his physician and that he was quite worn out on account of the hard work of the session, coupled with the further statement that the tax upon him in a social way had been too much for even his strong constitution. It was observed, however, that he appeared very regularly to attend to everything important that was going on at the capital. The Ohio senator recalled a story of the late presidential campaign. He had been elected chairman of the national committee, but on account of quite frequent attacks of rheumatism he was talking about turning the work of the canvass over to some one else. These reports reached President McKinley and he sent for his old friend.

"What's this I hear, Mark, about your not going to have active charge of the campaign?" he asked.

"Well," replied Hanna, "I have been thinking about it on account of my health."

"Tell me what is the matter with you," said the president.

Senator Hanna then told the president that the rheumatism in his leg gave him a great deal of trouble, made it rather hard for him to get about, and perhaps interfered with his efficiency as a campaign manager.

"Well, Mark," said McKinley, with the faintest suggestion of a smile, "I don't want your legs in this campaign."

That ended the discussion.

AN AWKWARD MISTAKE.

Remark That Was Hardly Appropriate Considering the Circumstances.

Some years ago, in a very rural district, a farmer had a cow for sale. Now, says London Tit-Bits, as there was no weekly paper to advertise in, it was the custom of the vicar to give each notice out to his congregation on Sundays. So the farmer thought he would go to the vicar and get him to advertise the cow in church.

"Yes," said the vicar, "but you don't come to my church."

And they struck a bargain that the vicar should advertise the cow and the man in return should go to church.

Now, unfortunately, the man was very deaf, and on the Sunday following, when the vicar gave out the notice of marriage between Joseph So-and-so and Sarah So-and-so—a rather unusual incident, for they seldom had a wedding—the farmer took it for granted that the vicar was giving out particulars of his cow, and shouted out:

"You might as well say, while you are about it, that she's a most gentle creature, entirely free from vice, and a good eater!"

ROOSTERS.

Crow Loudest When There Is Nothing to Crow Over.

"I've heard a good deal in my time about the foolishness of hens, but when it comes to right-down, plump foolishness, give me a rooster, every time. He's always—strutting and stretching and crowing and bragging about things with which he has nothing to do. When the sun rises you'd think he was making all the light, instead of all the noise; when the farmer's wife throws the scraps in the henyard, he crows as if he was the provider for the whole farmyard; and was asking a blessing on the food; when he meets another rooster, he crows; and when the other rooster looks him square, and snatches it up straight through the day. He even wakes up during the night and crows a little on general principles. But when you hear from a hen, she's laid an egg, and she don't make a great deal of noise about it, either."

—From "Letters from a Self-Made Merchant to His Son," by George Horace Lorimer.

A Long Occupancy

There are probably few firms in London to-day who have occupied their premises for a longer period than the Rothschilds. The founder of the English branch made St. Swithin's lane his home as well as his office for many years, and at his death abroad his remains were brought home and laid in state in the same famous office wherein his grandsons carry on their business to-day.

Enlistment Signatures

Before a recruit can be said to have joined the British army his name must be entered 62 times, and that of his superior officer 29 times, in the documents required by the war office.

It's Hard to Shake Off

The grip of a stubborn cough. It hangs on with bull-dog tenacity and a ferocious effort to kill it can. If every man and woman realized that a cough is a direct attack on the life there would be less delay in promptly using the treatment which will loosen the grip of the most stubborn cough.

The best cure for coughs and other diseases of the organs of respiration is Dr. Pierce's Golden Medical Discovery. It cures obstinate, deep-seated coughs, bronchitis, weak and bleeding lungs, emaciation, weakness and other diseases, which, if neglected or unskillfully treated, so often end fatally in consumption.

"I had a terrible cough something over a year ago and could find nothing to stop it, or even to do me a particle of good," writes J. M. Farr, Esq., of Cameron, Screven Co., Ga. "I chanced to see an advertisement of yours, and forthwith bought a bottle of your invaluable 'Golden Medical Discovery.' Before I had taken half a bottle I was entirely well."

"I write before this my oldest boy (who is now nearly five years old) had a terrible cough; he had it the whole winter and all summer. Physicians did him no good, and nothing my wife and I could do cured him any good. After your 'Discovery' had cured me so quickly, I wrote my wife to bring him back from the country, she having carried him there to see if the change would do him good. We were living in Savannah, Ga., at the time. She brought him back, and after giving him your great 'Golden Medical Discovery' for a time he is entirely recovered."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

A GOLD BRICK

Sold by an Alleged Miner to a Todd County Farmer.

Paid \$5,000 for a Piece of Brass Worth Three Dollars--Then Made Their Escape.

Elkton, Ky., April 7.—(Des. D. Johnson, of this county, has a gold brick that will do service as a door weight in his family for many years to come. A few days ago a neat looking stranger appeared and told Johnson that there was a miner in the neighborhood who had just returned from the Klondike with a gold brick worth \$5,000, which he was anxious to dispose of for \$5,000.

Johnson expressed a desire to invest if it was all right and was taken to see the miner. The meeting took place in the woods near Johnson's farm, and he went prepared to make the trade. After paying over the money and getting the brick the men cautioned him not to mention the matter to anybody, as it was known that they had the brick for sale, and if it was found that he had bought it somebody might rob him of it. This warning was given him in order that the scamps might have time to get away. The men disappeared, and nothing was heard from them until this morning, when Mr. Johnson received a letter from one of them at Paducah, telling him that his gold brick was brass, and that it might be worth as much as \$3 as old brass, and advising him to consult a junk dealer if he wanted to know its actual value.

Johnson is one of the wealthiest farmers of Todd county. His farm is about a mile from this place, and is one of the show places of Todd county. The old man's neighbors are surprised that he should have been caught on the old game. The loss is quite severe on him, but he will be able to stand it.

Saved the Loved Ones!

Mrs. Mary A. Uliet, Newcastle, Colo., writes: "I believe Ballard's Horchound Syrup is superior to any other cough medicine and will do all that is claimed for it, and it is pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horchound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1.00 at R. C. Hardwick.

Gone to Rest.

On Sunday night, March 29th, just when the clocks in the great steeples throughout the country were tolling the hour of ten, the spirit of B. W. Boales left its tenement of clay, and on angel's wings was carried to a "Land of Rest, Peaceful Rest."

Bush Boales, as his relatives and friends in Christian county called him, was born near Salubria Springs, in this county, a little more than 73 years ago, where he lived to young manhood, after which he emigrated to the Lone Star state, where he lived and prospered for a number of years. When on account of age and infirmity, his father, Austin Boales, was rendered unable to superintend the work on his farm, Bush, true to duty to his father's family left his interest in the West and returned to his native home, to look after his father's affairs where he remained up to and many years after his father's death.

About 25 years ago he purchased a fine farm in Logan county, and moved, with his two sisters to it, where he resided until his death.

Rev. King, of Russellville, and Dr. Gill, of Elkton, conducted funeral services at his beautiful home, on the morning of the 31st and his body was laid to rest in the cemetery at Russellville the same evening.

Mr. Lafayette Boales and Miss Lizzie Boales and Mrs. Vick Mae, of Pembroke, are the only survivors of a once large and happy family. He was never married, but accumulated considerable of this world's goods, which was disposed of by his last will.

Mr. Boales was charitable, honest and lived a truly upright life. He was a long member of the Cumberland Presbyterian church, and died in the full and blessed hope of a life of "Eternal Joy."

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, Sherburne, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of the remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the brief interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock the grip simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of more than one bottle. My grip had bid me adieu." For sale by C. K. Wyly, druggist.

People will read advertisements about cures made by medicine. As they read they wonder if the statements are true. If true, was the relief temporary or permanent? Read this case about Doan's Kidney Pills.

W. H. Clark, of Bennett street, adjacent to the Dish Barn, Tobacco Works, Wheeling, W. Va., says: "My back aches I know what will cure it. Doan's Kidney Pills. They are the best remedy I ever came across. For months I was plagued with backache, not sharp pains, but a dull aching all the time, that made me feel miserable. I got medicine on different occasions from doctors and it seemed to ease me the time but it was soon as bad as ever. Hearing of Doan's Kidney Pills, I took a course of the treatment. They relieved me and that cure has been lasting. I will corroborate this in personal interview or in reply to any communication mailed to me."

BELL TOLLED REQUIEM

Solemn Scene When the Demolition of Logan County's Historic Edifice Began.

Russellville, Ky., April 8.—The demolition of Logan county's historic old Courthouse began yesterday evening. Several hundred people were gathered to watch the tearing down of the old landmark, and the scene was solemn and effective. All the whistles in the town were blown, and the old bell, which has been in use for nearly a century, was tolled for a quarter of an hour before it was removed.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, the Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by C. K. Wyly, druggist.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph H. ELIGIBILITY OPINION.

"If a political party fails to nominate a candidate who is eligible to office that party must bear the burden."

HENDRICK WILL WIN.

Every day brings more encouragement and confidence to the Democrats of Kentucky who are fighting right rule in the State. Col. Hendrick is proving to be an intrepid and invincible leader. His campaign so far has been a succession of triumphs. Wherever he has spoken and exposed the evils of Beckhamism in Kentucky, he has left behind him an enthusiastic and growing following. The Beckham spoliens in Col. Hendrick's own district, by snapping at his heels, have all strengthened the object of their venom. Everything points to a landslide majority in his home county. There are 25,000 Democrats in the First district and it is not believed that 5,000 can be induced to endorse the crimes and horrors of Beckhamism as disclosed in two of the State asylums, or the scandalous methods resorted to in getting nearly \$100,000 of grafts out of the treasury and into the hands of Beckham henchmen. The reported rake-off of \$12,000 allowed Calhoun for collecting the soldiers' uncontested claim and the donation of \$68,000 to the same young man for making a trip or two to Washington in a clerical capacity, after he had contracted to perform the service for \$3,000, should be a source of mortification and shame to every honest Democrat in Kentucky. Beckham with a contract in his possession by which Calhoun agreed to perform the service for \$3,000—a fee that any lawyer in the State would have done the work for—deliberately concealed the existence of the contract while Calhoun lobbied a bill through the Legislature authorizing an additional commission amounting to a fee of \$68,000 and Beckham, knowing the facts, sanctioned the job with his signature and then made a new contract in accordance with the "special act." Could anything be more disgraceful or put the party in a more questionable attitude before the people of the State?

With the knowledge of these grafts of \$84,000 in favor of one man, who is of course a Beckham leader, it will not be surprising if the First district alone gives Hendrick 15,000 majority.

The Second district will also roll up an immense majority. In Christian, Beckhamism is a stench in the nostrils of the people, comprising every offense from the seduction of a female patient in the asylum to the appointment of confessed gamblers and crap-shooters to commissioned offices, coupled with atrocities in the treatment of wards of the State even worse than those at Lakeland. One damage suit is now pending against the superintendent for \$25,000, for the death of James Y. Willingham, of Sebree, Ky., from injuries alleged to have been received from scalding in a tub of boiling water while the patient was sick and helpless. In the full knowledge of these things and the refusal of the governor to investigate the charges and his refusal to cooperate with the board of commissioners in their efforts to purify the institution, this county alone will give Hendrick 1,500 majority. Nobody is so far from Beckham here except a few interested parties who see nothing wrong in these things.

The Second district may be relied upon to stand by the people, and the new ones that the Third will be swept by the same cyclone. Even the Fourth is wheeling into line and Marion, Washington, Hardin and other counties are fired with enthusiasm for the people's leader. Every crisis in human affairs develops a leader equal to the emergency. Hendrick, Thorne, Chennault, Griffith, Greene and Hays are all leaders who will help to redeem Kentucky from the gang who think they own it.

The atrocities in Jefferson county, condemned by every paper in Louisville, will be the finishing touch to Beckham's impending defeat. The good people, the Christian voters of Louisville, will never endorse such crimes and horrors with their votes, at the behest of the leaders of a machine. Beckham will now have to fight for Louisville and loaded down with his record, his ineligibility and the growing conviction that he cannot be elected if nominated or seated if elected, the vote by which he will be swept out of public notice will be an earthquake. Mark the prediction, Hendrick will be nominated by a majority so large that the counting will be a mere formality. He will go to Louisville from Western Kentucky with at least 20,000 majority and will carry the Sixth, Seventh, Eighth and Ninth districts by nearly as much. There is a month yet and the time with our weeks to gain force and food will roll a mountain high by the 10th May. The machine wanted a primary, but the courts have decided to be legal and it will smash the machine and save the party. It is said to be a part of Mohammedanism that in times of supreme danger the yellow flag is displayed and it is the duty of every Muslim to drop everything else and take up arms until the danger is past. The Democratic party in Kentucky has out its yellow flag. The party is in danger and the ringsters who are running it must be crushed with a piledriver and driven from power.

Let Democrats help redeem Kentucky. Let every man go his duty. Let it be a clean sweep. And it will be.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see as well as ever." J. A. HARRISON, Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

The Fulton Leader has issued a campaign book apparently in the interest of J. C. W. Beckham, candidate for Governor, with practically no opposition, whose picture takes up a whole page near the front. On the front page are the portraits of Wm. Goebel, J. C. S. Blackburn, Jas. H. McCreary and Chas. K. Wheeler. The last three named are said to be against Beckham and his machine. Gov. Goebel is dead and cannot speak for himself, but it is certain that the other gentlemen will repudiate promptly the slur on Col. Hendrick and Judge Breckenridge, implied in the statement that the votes they receive are not to be counted as "opposition." We do not believe the gentlemen have permitted the use of their names and pictures on the cover of the book to endorse its contents. Mr. Wheeler contributes an article to it, but says nothing to indicate that he is a party to the effort to belittle the candidacy of such leaders as Col. Hendrick and Judge Breckenridge. It is rather significant also that no mention is made in the book of several other anti-machine candidates whose nominations are almost conceded, notably Robt. L. Greene for Clerk of the Court of Appeals, and N. B. Hays for Attorney General.

There will be no joint discussions between Beckham and Hendrick. Col. Hendrick sent a telegram to the Governor from Springfield Saturday, which the Governor failed to answer, saying he was addressed as "Boss." Col. Hendrick yesterday produced a copy of the original telegram showing that the charge was untrue and the word was not in the telegram at Springfield or when it passed through Louisville. As Beckham will speak at Fulton in a theatre and would probably hire a hall at other places to avoid joint discussions, it was decided that to force himself on a man anxious to avoid him would do no good except to draw crowds for the machine candidate, Hendrick will fill his own appointments, unless Beckham accepts his standing invitation to divide time.

Committee Meeting.

A meeting of the Democratic Committee of Christian county will be called for April 23 to appoint officers of the primary election. The call has not yet been issued, but members are being notified privately.

Gov. Beckham opened his campaign at Owensboro yesterday with a speech supplied in advance to the papers in plate matter. He probably opened a barrel at the same time he opened the campaign.

CENTER OF STATE.

Spot Near Danville Will Be Marked With Post

The United States geological surveys have returned to Boyle county for the purpose of finishing their survey of the county, which they left uncompleted last fall. They will shortly establish a spot on the Harrodsburg pike about three miles from Danville which is the central point of the state of Kentucky. The exact spot will be marked with a large iron post three feet high and four inches thick, with a large brass cap on top to indicate the height above the sea level. It is situated on the McClain farm and will be protected by an iron fence around it.—Dixons Journal.

CAPTURES MARION COUNTY.

Col. Hendrick Encouraged by the Reception Given Him at Lebanon.

Lebanon, Ky., April 10.—Col. John K. Hendrick addressed an audience that packed the court room here today. Many failed to gain entrance to the room. Much enthusiasm was manifested. He was pledged the county by 500 majority.

Col. Hendrick also was the recipient of a lengthy petition signed by a large number of Owensboro citizens, requesting that he attend the Beckham meeting in that city Monday, and address the votes, but this he declined to do, preferring to fill his appointment at Lexington. The Hendrick men here are jubilant tonight over the demonstration today.

"A Gambler's Daughter"

"A Gambler's Daughter" is a dramatic offering that will doubtless fill the opera house to overflowing when it is produced there next Tuesday night April 21, as the piece has made an excellent impression in other cities, and is in fact one of the distinct hits of the present theatrical season. Each of the four acts of the play is splendidly staged, and many of the stage pictures produced are brilliant in the extreme. The third act is a reproduction of a beautiful Michigan Avenue gambling resort in Chicago, and it gives the spectator a realistic idea of the actual appearance of some of these famous palaces patronized by the fast and furious set of city life. It is in this scene that the Gambler's Daughter, the sweet and tender heroine disguised as a Spanish woman plays at faro and wins every dollar of his fortune from her father. It is one of the most powerful and intensely dramatic scenes of the modern stage. The Company producing "A Gambler's Daughter" is headed by Miss Lillian Howard, the well known leading woman, an actress of great ability and magnetism. In the cast will also be found such popular players as Camilla Crume, Marie Laurens, Elsie Frazee, James Norval, C. W. Goodrich, Walter Stanhope, J. J. Hyland, Allan Foster, F. K. Wallace, Andrew Quirk, Louis Epstein, L. P. North and many others.

If Hendrick needs a device on the ballot, let him take a broom. It is going to be a clean sweep.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar bottles. You may have a sample bottle by mail, also pamphlet, by sending this ad. to the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure to mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Calhoun and Beckham Scandal.

The better the people understand the Calhoun fee of \$71,000, the more reprehensible they regard Governor Beckham for the part he played in the transaction. Calhoun had made a contract to collect the fee claim for \$3,000, but it was agreed between himself and Beckham that if a large fee could be secured by legislative enactment that Calhoun was to get it. Not a word was said by Calhoun or Beckham to any one about the contract already entered into between them, so while Calhoun was busy lobbying the bill through by which his fee was raised from \$3,000 to \$71,000, Beckham sat back in his office silent. Not a single representative or senator has yet been found who knew that Beckham had the \$3,000 contract with Calhoun at the time the bill was pending. Calhoun and Beckham made sure of Calhoun getting the job by signing up a contract for \$3,000, and then Calhoun worked for the bill under which he was benefited to the tune of \$68,000 more, and Beckham was silent. Beckham knew what was going on. Was Beckham's silence for the interest of the state or for Calhoun's interest? Every Democrat should think of that point. Had the legislature refused to pass the bill that Calhoun was lobbying through, would he then not have taken the contract for \$3,000? To be sure he would have done so, for he had already signed a contract to that effect. This is but one of the many transactions that have occurred under the Beckham administration on which the search-light of investigation should be turned.—Register.

CURES THE KIDNEYS

Kidney disease is the enemy we have most to fear as a result of the filthy habits of modern civilization. It is a treacherous enemy working out its deadly effect under cover of such trifling symptoms as headache, slight but persistent backache, dizziness, heart-trobbing, weak digestion, constipation, frequent or diminished passage of urine, scalding urine, sediment in urine.

A further investigation of the records in Trigg county has been made and the disclosures are still more damaging to Judge Cook. This brings the aggregate amount of loans used by Judge Cook up to about \$1500. The maximum penalties in the four cases would amount to \$4,000 in fines.

He carries with him a complete line of Regal shoes and takes orders for what the shoe wearers want, thus giving them the opportunity of selecting from the newest styles the shoes that fit them best. Gets Contract for Repairing the Court House.

County Levy Fixed at Fifty Cents and Poll Tax at \$1.50.

The fiscal court awarded the contract for remodeling and repairing the court house to The Forbes Manufacturing Company, of this city. Their bid was about \$9,000. The front of the building will be torn away and rebuilt, a new cupola will be erected, the floor put in and several office rooms will be added. Work will be commenced shortly and the remodeling is to be completed by September 15.

An order was made abolishing the county workhouse and prisoners will hereafter be confined in jail, when serving out their sentences. An order was also made discontinuing the use of road graders on the county.

Appropriations for paupers of the county were made as follows: For the benefit of the inmates of the poorhouse during 1913, \$2,000; for paupers outside of the poorhouse, \$4,500.

Judge Fowler and magistrates Williamson and Rogers were appointed as road commissioners.

The county tax rate for the ensuing year was fixed at fifty cents on the \$100 of taxable property. This is the same rate as last year and is the maximum figure. The poll tax was fixed at \$1.50.

On Saturday Justice Clark suffered an attack of nervous prostration, and, after receiving medical attention, was sent to his home near Croton. Court adjourned until Thursday, when there will be another meeting for the purpose of disposing of unfinished business. No action was taken concerning an appropriation for the Kentucky exhibit at the St. Louis fair.

Saves Two From Death.

Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armond, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well."

Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. It is a safe remedy for Coughs and Colds, Whooping Cough, Sore Throat, and all other throat and lung diseases.

Only Wind.

The highly valued and much esteemed Washington Post says: "Gov. Beckham holds the key to the Kentucky dynamite cellar, and he proposes to touch it off right under the Democracy." Not if Kentucky knows herself and she thinks she'd! It isn't dynamite in the Beckham cellar—only wind.—News-Democrat.

Confessions of a Priest.

If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by R. C. Hardwick. Only 50c.

BABY'S FUTURE

Something for Mothers to Think About.

Lives of Suffering and Sorrow Averted

And Happiness and Prosperity Assured by

Cuticura Soap, Ointment and Pills

When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp and blood, because of the dreadful fear that the disfigurement is to be lifelong, and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment.

Warm baths with Cuticura Soap to cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent Pills, to cool the blood. In the severest cases, are all that can be desired for the alleviation of the suffering of skin-tormented infants and children, and the comfort of worn-out parents.

Mexican Mustang Liniment
Is excellent for Rheumatism and all deep-seated pains.

For Sprains and Strains

It is useless to apply a liniment that remains on or near the surface. On the contrary, they require something that goes down into the flesh where the trouble is located. That is why

Mexican Mustang Liniment

is the best thing to use for Sprains and Strains. It penetrates at once to where the injury lies, drives out the inflammation and breaks the vicious tissue and tendon. Don't be using in using the liniment nor fail to rub it in as thoroughly as the soreness will permit.

Mexican Mustang Liniment
Is a good thing to have on hand when accidents happen.

HENDRICK PUSHES CAMPAIGN.

Speaks at Bowling Green and Makes Inroads on Beckham's Strength.

Bowling Green, Ky., April 6.—Col. John C. Hendrick spoke to a crowd of 400 today. Many politicians heard him. He made many votes, but some of Beckham's supporters threaten to bolt him if nominated.

He attacked Beckham without gloves, accusing him of using the high office of Governor to control the primary, which he designated as grossly unfair. He said the State Committee were Beckham's tools, and declared the highest court in the land had practically declared Beckham not eligible. It would be suicidal, he said for him to nominate a candidate who could not hold the office if elected.

This has always been a strong anti-Goebel county, and Beckham's claim that he would carry the county is not taken seriously by his opponents here, who claim a large majority for Hendrick.

METHODIST MEETING

Continues and Large Crowds At-
tend Each Service.

The protracted meeting at the
Methodist church is still in progress
and will continue throughout this
week and next. Services are held
twice a day, at 3:30 and 7:30 p. m.,
and large crowds attending.

The service Sunday was of
marked interest. The Sunday-
school was large and evidently in
touch with the meeting. The Wo-
man's Missionary Society held an
exceedingly attractive and interest-
ing service. The music was
full of sweetness, tenderness and
elevating influence. The little chil-
dren were taught the lesson of the
day very touchingly. The pastor in
prayer and exhortation sought
to identify the service with the re-
vival.

In the afternoon Rev. W. F.
Cashman preached a most excellent
sermon and at eight the Epworth
League service was largely attend-
ed. The address by Prof. H. Clay
Smith on "The Christ," was espe-
cially interesting.

The Pastor closed the service
with an announcement of the order
of service for meeting and with
earnest pleading for the utmost ef-
fort on the part of believers to win
souls to Christ in the meeting.

Monday's morning prayer ser-
vice was attended by men includ-
ing two of the pastors of other
churches. The number present
was small, but the prayers were
full of earnest and believing sup-
plication, and so the service was
of great value and meaning.

Monday afternoon Eld. H. D.
Smith conducted the service and
Rev. C. H. Nash conducted the
services at night.

Rev. James Clark will take part
in this morning service at 8 o'clock
and will preach this afternoon at
3:30. (Prayer and praise service
at 3.) Services again at 7:30 con-
ducted by Rev. James Clark and so
on through the week.

All the people of the country
round about as well as the town,
are heartily invited to attend.

SHOT IN THE NECK.

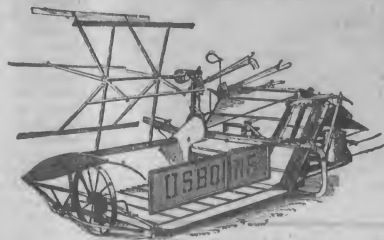

Trouble Between People Living
Near Lafayette.

One day last week, near Lafay-
ette, James Harrison shot Abby
Cherry. Harrison used a shotgun.
Only three shots took effect and
Cherry was not very badly wound-
ed. Harrison charged Cherry, who
is a young man, with having made
some remark about his family and
this, it is said, caused the trouble.
The shooting took place in Christian
county. No arrests have yet been
made.

Many so-called "bitters" are not
medicines, but simply liquids dis-
guised, so as to evade the law.
Prickly Ash Bitters is not one of
this class. It is strictly a medicine,
acting primarily on the kidneys,
liver and bowels, and for the dan-
gerous diseases that attack these
organs it is a remedy of the first
grade. There is nothing objection-
able in its taste, it has an agree-
able flavor and is accessible to the
most delicate stomach. R. C.

TRUSTS!

Are the natural enemies of the farmer. When he goes
to sell the products of his farm he wants as many
buyers to compete for these commodities as can be ob-
tained. Then when he wants to make a purchase of
an implement he doesn't care how many sources pre-
sent themselves from which he can buy. The more,
the better for him. To illustrate, if he wants a binder
he will find that the Deering, McCormick, Plano, Mil-
waukee and Champion are all in a combination and
afford him no competition.

THE OSBORNE

IS THE ONLY binder obtainable in this county that
is not in this combination. The farmer's only hope to
get binders in future at reasonable prices.

Helping the Osborne Company means fighting
the trusts. The owner of the big Osborne Machine
Company made speeches all over the State of New
York last year against trusts. He is a man of the
people, for the people, and his binder is the binder
for the people. If his company goes down under the as-
saults of the trusts, the farmer has no alternative but
to buy trust binders.
